Re: ****Fix Deployment Schedule Change****

ProcureAZ will be down for fix deployment on ~~Tuesday, May 31st~~ **Wednesday, June 1st** after 8:00p. Periscope expects the outage will last approximately 90 minutes.

- The fixes address issues with the fiscal year roll period in ProcureAZ. More information will be sent once they have been deployed.
- The training environment was updated as planned during business hours on the 31st.
- The fixes have already been deployed to the UAT environment.

Deployment to Production was delayed based on lessons learned from today's deployment to the training environment.
